## NURSERY MINISTRY (YOUTH)

During Sunday morning worship service – provide lessons, stories, sharing, and music with our little saints to help encourage them; give them a different view of looking at the word through visuals and hands on, for continued growth. Help them understand their part in the scheme of things, church, family, school, and personal life.

Starlights for Christ feature our "little ones". This choir allows them to become an active part of the church body, and gives them early training in church service. In addition, we have a Joybells Choir for all youth ages. Directed by Mrs. Frances White.
